

TIGER

Bruce,

You are really a great guy
with a fantastic sense of
humor! It's been fun being
in Physics with you, and I
hope we'll have a lot more fun
at the Senior parties and other
"unchaperoed" parties this summer!

Love,
Becca

Dr. 79

Becca

How ya,

Dr. 79

Out of all the animals we signed you had
learn the hardest. It's so hard to put into
words what a really feel I want to say.
There are three things I can say that are
the truth. But you probably already know them.
One is that you are of the best looking
guys in school; two is, you definitely are
the best fun to be around. And last but
not least is you are a great personality!
I can guess you are the funniest guy
in school together and definitely going
to miss our outside activities together. I
guess you are just one of the best things
that ever happened to me and no matter
how hard I try I just can't forget you,
so please keep in touch. I wish you
the best of luck always! Good luck

Grace -
I can't believe this is my
last day of school? Auntie!
As usual! I'm so glad & anxious
to get out! We had such a
blast - being in this class with
you and acting like Bornhard
animals. I hope we can keep in
touch next yr. cause it had to
prove that I would never be
your enemy all anymore. Good
luck in every thing.

Love You -
Cristi

Bruce,
It's been great having
classes with you this year.
Things have been just
great. Hope to see you
at reunion, I wonder
how much everyone
will have changed.
Good luck.

Tom

TERESA PAXTON — EDITOR

This year we remember, because of the school spirit, support, and faith that has been shown to all the Athletics.

Spirit, support, and faith are directly involved in any attempt to be a success. Without support one crumbles under pressure, without faith one loses incentive.

Losing is easy — all you have to do is give up, but winning takes desire, incentive, and a lot of hard work. This is much easier when you have the support of all the fans, showing spirit, and having faith.

Keep the faith, give the support, show the spirit, and all will be conquered.

On to many more VICTORIES!!!

Career Day set at THS

Public school week in Terrell

Open house will be observed on all Terrell Public School campuses Tuesday night as Texas Public Schools Week is celebrated locally.

The theme this year is "Texas Public Schools: Democracy In Action" with all public schools in the state joining in the March observance of the special week.

Open house events in Terrell will be held on Tuesday night staggered starting times to allow parents to visit more than one campus.

Tuesday night schedule includes:

W. F. Kennedy Elementary—6 to 7:30 p.m.

Terrell Elementary—6:30 to 8 p.m.

Terrell Intermediate—7 to 8:30 p.m.

Terrell Middle School—7:30 to 9 p.m.

Terrell High School—7:30 to 9 p.m.

SHARP TURN—Donna Patterson

more of yourself. I'm glad -
I think you deserve more.
Take good care of yourself and
be sure to come to my
wedding!!!

Love always
Bita

Bruce -

I'm so glad that this
year is finally over! - I do regret
not having time to get to know
everyone better, and I especially
missed not seeing you more.
I really think a lot of you
and I feel as though you're
one of the people in our
class who'll really make

something of themselves.

I can still remember
how mean you were
in grade school! Boy -
you & Johnny Bailey
were terrors!! And
then all of a sudden
~~that~~ it seems like

everyone grew up - you
got good - looking and you
didn't seem so bad any more.
You're responsible and you're
really a nice guy - a lot of
fun to be around. I feel as
though you'll get

high goals for yourself
and then succeed
at each one because
you've got determination,
intelligence, and because
you want to make

SAVING TIPS

on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.

9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
10. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

11. Buy units with *highest* "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

BUFORD DRUG

Bruce,

It's been fun this year making jokes about Dena with you. Besides that, it's been fun being in class w/ you, and being in Colorado.

Bruce, you're something else — I know you realize that — I think the word is insane. But I tell you, you've got sense, and that's what's gonna help you. Good luck, and remember to keep in touch!

Best wishes,
David Wilson

(*really, I mean that)

Bruce,
 It has been
 fun having you
 in physics. (you and
 your jokes) I am glad we
 got to know each other. You
 are really great fun at parties too.
 Good luck with your plans. I
 know you are going to have great success with
 everything.
 Love,
 Pam
 Olson

Bruce.
This year has
really been an exciting
year. I'm really glad
I got to know you this year.
It was a lot of fun in English
and you are one reason why I'm
really going to miss you next year.
You are a super guy with fantastic
looks and personality. After we
depart are any ways I hope
you will never forget me.
I'll miss you down Tyler way
stop by. Good luck.
Love you,
Tyler

Bruce,
Can you believe it?
We are graduating. I can remember
when I first moved here and we
were at our freshman orientation.
You weren't being very nice to the
new girl (me) on the block. But after
I got to know you I realized you
were being your own crazy self. I'd
your a blast to be with and I'd
like for you to party with Bert & I
sometime. I mean we don't live
very far from each other. So sometime
when you don't have anything to do drop
down the block and party with us. We'll
probably see a lot of each other at the Thirsty 20's.
But you'd better look out, girls out there will
get you into trouble if you let them.
Seriously Bruce, you're the greatest man in our
Senior class. And I'm really privileged that I
got to know you. You are one smart man
and you have your shit together so I know
you can't fail in life. Just remember to
look out for Number One! See ya at our parties!

Seniors "79"

Love ya,
Cindy Barringer

Bruce,
This is the last year
that I'll probably
ever see you. So I'll
say that it's been
fun knowing you
and watching you
act crazy in Aunt Bo
room. I think you
reel sweet and I
hope I get to see
you after we graduate.
Good luck.
Love,
Jammy

Bruce,
I've been
one
barnyard
with you. I
love you.
I'm the
best of luck
to you.
I'm
79
